

# Mini Project Titles List

1. Customer Query Track A .Net Final Year Project.
2. Software Project Management Final Year Project.
3. Poll Survey System ASP.Net C# SQL Server Btech CSE Project with Code
4. ONLINE SYSTEM FOR TRAINING AND PLACEMENT DEPARTMENT JAVA PROJECT
5. COMPUTER SCIENCE DEPARTMENT PORTAL
6. CSE MINI PROJECT REPORT ON COMPUTER NETWORK SYSTEMS
7. Bestows Tree Online Loan Agency System A Java Project with Code
8. M-Tech Seminar Topic on Meego.
9. DOWNLOAD CSE MINI PROJECT REPORT ON BANK MANAGEMENT
10. Download Image Processor Using Python Library Project Report
11. Download Human Resources Database Management a Java Project Report
12. Morphological Image Processing To Forensics
13. A C++ Mini Project on Controlling Electrical Devices Using Printer Port
14. Rainbow Technology A CSE Mini Project Report and Paper Presentation
15. CSE Mini Project Report and Code on AVAIL DOCTORS
16. Traffic Flow Management Using Wireless Sensor Networks
17. My SQL Connect Form With Project Code.
18. CSE Mini Project Report On Multimedia Database Management System
19. Mail Server with Intranet and Live Chat a Java Project
20. Library Management System
21. Mini Project on Keystroke Analysis
22. BIOCHIPS TOOLS OF ULTRA SENSITIVE DETECTORS
23. Act time Project
24. Traffic Light Implementation Project.
25. Data Encryption System Java Project
26. Hospital Management System Project in VB.Net
27. Efficient and Secure Content Processing and Distribution by Cooperative Intermediaries
28. HR Management System Project ASP.Net & VB.Net
29. Human Value Management System in ASP.Net & VB.Net
30. Pratibha High School System Project in ASP.Net & VB.Net
31. Win Sock Emulator .Net Project.
32. Stock Management System Java Project
33. Corporate Recruitment System Final Year Java Project
34. Simulative CBT Examination with Random Paper Generation
35. Issue Tracking System Software and Hardware
36. Human Resource Information System Final Year Project
37. Military Tankers Game Using Flash Player
38. Railway Ticket Booking System Project Using Visual Basic
39. Text To Speech Converter Java Project
40. Intrusion Detection System for MAC Layer Networking Project
41. Online Polling System Project
42. DBJ Explorer Java Project
43. E-Bus pass Registration and Renewal System Project
44. Suspicious E-Mail Detection Java Project
45. Data Leakage Detection Project Using ASP.Net.
46. My movie Movie Rental Stores Using ASP.NET with C# And ADO.NET Project
47. Inventory Management System Java Project

# Mini Project Titles List

48. Radar Crash Rescue Visual Basic Project
49. Sales and Inventory Management System Project in VB
50. Intranet Chatting System Project in Java
51. Online Customer Complain System Project in Java
52. Distributing and Monitoring the Process in a Network MCA Project
53. Placement Automation System.
54. Online Education System MCA Java Project
55. an Efficient Live Video Streaming Mechanism for Rescue Operations
56. 8-Grid Word Game CSE Mini Project
57. Dynamic Routing With Security Consideration Java Project
58. Bug Tracking System Project in Java
59. Net Banking System Project in Java
60. E-Shopping Project in Asp.Net
61. College Website Project in ASP.Net
62. Ship Management System CSE Main Project
63. Personal Identity Management Final Year CSE Project
64. Web Based Bill Payment Utility CSE Project
65. Load Balancing System CSE Final Year Project
66. Evaluating the Efficacy of Forward Error Correction Coding Project
67. Mitigating Performance Degradation in Congested Sensor Networks
68. Company Peripheral Management System
69. Online Learning Java Project.
70. Forest Sale Automation Java Project
71. Online SMS Gas Booking System Project
72. PHS Based Online Vehicle Tracking System ECE Project
73. Internet Service Provider Automation Project
74. Office Automation System Project Report
75. Medical E-Card Java Projects
76. Network Security Protocol with Cryptography and RFID System ECE Project
77. Effective Key Generation for Multimedia Java Project
78. Netware Communication System ECE Project
79. Scheduling and Dispatching Java Project.
80. E-Advertisement Java Project
81. Image Enrichment Technologies Java Project
82. Dealer Based Network Business System Project
83. Routing Simulator Networking Project.
84. Project Planning Application
85. One Point Transaction Banking Project
86. Frequently Asked Questions Java Project
87. JNOTEPAD Editor Java Project
88. Construction plus Java Project
89. Inventory Management System Project.
90. Inventory Management Information System Java Project
91. Library Automation over Network .Net Project
92. E-ACQUISTION Project
93. Online Java Compiler Project Abstract
94. Payroll System .Net Project
95. Automatic Message Sending and Attendance Java Project

# Mini Project Titles List

96. Online Shopping & Bidding Application .Net Project
97. Atomization of Mark Sheet Generation System
98. Multimedia System .Net Project
99. Academic Cognitive Strategy .Net Project
100. Online Education .Net Project
101. Online Shopping E-Music World Java Project
102. Product Service Management System Project Abstract
103. SYNCHRONOUS CONFERENCING Java Project
104. RESOURCE PLANNER Project Abstract
105. Containment Tracking System Java Project Abstract
106. File Compression Project Abstract
107. Secured Mail Services Project Abstract
108. ERROR TRACING STRATEGY Java Project Abstract
109. Employment Services Java Project Abstract
110. EMPLOYEE MONITORING SYSTEM Java Project
111. Incorporated Work Flow Control Java Project
112. Online Shopping Chart Java Project
113. Portal for Government Schemes Java Project
114. Automated Reporting Service for ATM Project
115. Online Recruitment System (ORS) ASP.Net Project
116. Snake Gaming C Project
117. Project Monitoring and Control Administration
118. SMS Based RTC Bus Enquiry System
119. Centralized Intruder Detection System for Gated Communities Using IR Sensors
120. Cross Database Manipulator Using Common Interface
121. Assembly Dissection Tool .Net Project
122. ATM Simulation System .Net Mini Project
123. Client-Server Based Instant Messenger
124. Municipal Administration System
125. Remote DBA Alert Java Project
126. Simulation of the Ethernet C Project
127. Security Issues in VoIP Pot
128. Effect of Security Architecture on Cross-Layer Signaling In Network Centric Systems
129. VoIP Project in Java
130. VOIP Project Report
131. Voice over Internet Protocol PPT Seminar
132. Voice over Internet Protocol Pdf
133. Voice Over Internet Protocol Final Year Project
134. Project on Controlling IP Spoofing Through Interdomain Packet Filters
135. Constructing Idpfs Using BGP
136. Location-Based Spatial Query Processing In Wireless Broadcast Environments
137. Monitoring Online Tests through Data Visualization Project
138. Route Stability in Manets under the Random Direction Mobility Model
139. Telecom Business Management Systems .Net Project
140. Online Examination System Final Year Project Database
141. Online Examination System Project in Asp.Net
142. Online Exam Project in Java
143. Online Examination System Project

# Mini Project Titles List

144. Final Project Report On Power Billing System
145. Power Billing System Project Report
146. Employee Attendance Monitoring System Project
147. Employee Tracking System Project in Java
148. Online Web Based Project Management and Tracking Project
149. Web Based Time Tracking System Project
150. Inventory Management System Project in Java
151. Task Management System Project in ASP Net
152. Project on Airline Reservation System
153. Hotel Room Booking System Project Report
154. Airline Ticket Booking System Project
155. Airline Ticket Reservation System Project in Java
156. Feedback Management System Project
157. Flight Booking System VB Final Year Project
158. Hotel Management System Project in VB
159. Travel Management System Project In C#.Net
160. Airline Reservation System Java Project
161. Online Airline Reservation System Project in Java
162. Airline Reservation System Project Report
163. Airline Reservation System Project
164. Airways Travel Website Final Year Project
165. Online Shopping System Project Report
166. E-Shopping System Java Project
167. Airline Reservation System Java Project

## **Java Web Applications Project List – 2019**

1. Booking Photographer
2. City Life
3. E-Magazine
4. E-Tuitions
5. Magazine Colleges
6. Event File Automation
7. Learning Portals
8. Nirman website
9. Ship Management Systems
10. Placement Cell
11. Cancer Project
12. E-Procurement
13. Project Management Systems
14. knowledge-based community sharing system
15. Offer-Bazaars
16. Online-E-Gases
17. Income-Tax-Return-Processing
18. Online Staff Leave Management
19. Employee-Expense-Management-system
20. Exam Seating Arrangement Systems
21. Color Hunt Gaming project
22. Online Form Request

# Mini Project Titles List

23. Electronic-Veg-Markets
24. Puyo Puyo (game project)
25. Magic Bounce Ball (game project)
26. Satvara Matrimony
27. Query Handler
28. Grade Processing Systems
29. AES–Photo Encryption
30. Image Enhancements
31. Paradarshia Corruption Free Economy
32. Implementation of Floyd’s Algorithm
33. Atm Location Search
34. E-Farming
35. Time Table Management System
36. Admin Mall
37. Bulls-Eye-Quizzes
38. Smarter Work Management Systems
39. Online Grievance Redressal System
40. Real Estate Magic bricks
41. Apartment Management Systems
42. Medical shops Management System
43. Security Mail Communicator
44. Feedback Analysis Of interviews
45. Intelligent Hospital Systems
46. Tender Management System TMS
47. Virtual Learning Environments (VLE)
48. Online Loan Applications
49. Retail Purchase & Tracking System
50. Opinions Mining For Social Networking Sites
51. Project Information Systems
52. Student Friendly College Management Systems
53. Online Book Store
54. Sentimental Analyses for Mobile Networks
55. Report Generation System
56. Feedback Information Systems
57. Health Prediction Management Systems
58. Online Book Review Management Systems
59. Suspicious Email Detection Systems
60. Student Monitoring Systems
61. Online College magazines
62. Sports Event Management System
63. Restaurant Management Systems
64. Online House Rental Management
65. Online Food Ordering & Service
66. Online Course Management Systems
67. Online Cab Booking Systems
68. Online College Voting System
69. Cluster Analyses and Disease Mapping
70. College Feedback Systems

# Mini Project Titles List

71. Result Analysis Systems
72. E Plastic Systems
73. E-Banking Systems
74. Assignments and Materials System
75. Vehicle Management Systems
76. Recipe Management Systems
77. Online Event Attendance
78. Online Parking System
79. E-Auction
80. Telecom Services
81. Airline Reservation System
82. E-Waste Application
83. Exam Invigilation System
84. Library Management System
85. Patient Follow Up
- 86 Event Management Systems
87. Career Information System
88. E-Gas Sewa Application
89. Student Attendance Management System
90. Office Level Student Information System
91. Online Pharmacy System
92. Online Recruitment System
93. Credit Card Fraud Detection
94. Smart General Library
95. Venue Booking System
96. A Secure Two-Factor Authentication Scheme
97. Selection of Effective Clouds for Data Hosting Services
98. Career Analysis System
99. Student Performance with graph & Academic Project work Reporting System
100. Wedding Event Planner
101. Travel Rating and Exploring System
102. Performance Evaluation System Adoption of Opinion Mining Information
103. Online Marketplaces
104. Unit Watch – Web
105. Training & Placement Cell
106. File Security Systems
107. Social Networking Site
108. Campus Recruitment Systems (Training & Placement)
109. Farmers Buddy
110. Event Organization Systems
111. Online Doctor Appointments
112. Online Survey Systems
113. Secure Web Applications for Managing Auction System
114. Identification of Diabetes
115. College Placements & Assistance
116. Online College Bus Record Supervising System
117. Online E-Ticket Systems
118. Online E-Voting Systems

# Mini Project Titles List

119. Student & Faculty Interaction outside the Classroom
120. Automated Retail Management Systems
121. Dynamic Media Management
122. Electronic Highways for Singers
123. College Election Systems
124. E Police Application
125. Student Performance Forecasting
126. College Bus Tracking Systems
127. Performances Monitoring in Virtual Organizations
128. Review-Based Rating Predictions
129. Automation of Exam Invigilation System
130. Fast Detection of Transformed Data Leaks
131. Employee Tracking Systems
132. Colleges Sentimental Analysis
133. Personality Prediction Systems through CV Analysis
134. Analysis of Users Behavior in Structured E-Commerce Websites
135. Image Encryption and Decryption using Blowfish
136. Resource Maintenance and Management
137. Watermarking
138. Monitoring Fake Product Reviews
139. College Bus Facility Systems
140. Software Piracy Prevention
141. Tour Guide
142. Local Vendor Review Systems
143. Multi-Level Marketing
144. Secure File Sharing
145. Water Distributions and Management System
146. Citizen Card Systems
147. Collaborative Online Tutorial Systems
148. Online Entertainment Portals
149. Secure Web Portal for Real Estate & Property Management
150. Agile Management Systems
151. Book Repository Management Systems
152. Frame It
153. Voice to Text Converter Java Project
154. Purchasing Management System
155. Telangana Public Services
156. Analysis of Persuasive Text Passwords
157. Project Review Automation
158. Easy Search Guide (Malls)
159. Food Wastage Management System
160. Food Ordering System
161. Stack Management
162. Courier Service System
163. Campus Recruitment System
164. Vehicle Rental Management System
165. Automation of Timetable Generation System
166. Online Gas Management System

# Mini Project Titles List

167. Obsessive Compulsive Disorder
168. Online Leave Management System
169. Image Steganography using LSB
170. File Tracking System
171. Electronic Voting System
172. Online Gas Management System
173. Health Care Logistics
174. Car Store
175. E-Fuel – Online Fuel Booking
176. Hour Wise Lecturers Tracking
177. Multi-Hospital System – Online Doctor Appointment
178. E – Voters Application
179. Repository Application
180. Student Information Chatbot System
181. Student Help Desk
182. Online Student Mentoring System
183. Placement Information System
184. Hostel Management System

## **S.No Project Name**

1. Ad Express Management System
2. Finance Management System
3. Credit Card Approval System
4. Computer Telephony Integration System
5. Computer to Computer Learning System
6. Conversation Portal
7. Logic Gates Java Project
8. Crime File Management
9. Hotel Management System
10. Automotive price Aggregator
11. Blood Donors Symbiosis
12. College Fest Organizer
13. College Management Information System
14. Communication System
15. Computerization of Bluebook/ Online Quiz
16. Computerized Mobile Store Management System
17. Digital Signature
18. Hotel Management System
19. Multi Banking System
20. Digital Tunes
21. Optimal service pricing for a cloud cache
22. Library Management System
23. Crime Records Management System
24. Insurance Management System
25. Friends Meeting Point
26. Student Management System
27. Travel & Tourism Management System
28. E-Compiler for Java with Security Editor
29. Stock Analyzer

# Mini Project Titles List

30. E-Shopping
31. E-Voting System
32. Enterprise Scheme Planner and Monitoring System
33. E School
34. E Wheelz
35. Congestion Control Using Network Based Protocol
36. Car Pooling System Java Project
37. Country Cargo and Express Couriers
38. E-Classifieds
39. Distributed Account Management for Prepaid Mobile Services
40. Car Collection for Sale
41. Bug and Component System
42. Bug Tracker System
43. Coach Management System
44. Auto Spare parts Java Project
45. College Library Record Application
46. Consignment Tracking Services
47. Activity Management System
48. Audio Stenography
49. CRM for Airline Industry
50. Error Tracking System
51. Exam Suite System
52. File Security System
53. Fetch Hard – Component Retrieval System of a PC
54. Bug Tracking for Improving Software Reliability
55. Cyber Cafe Management
56. RSS Feed Reader
57. Ezee Mail System
58. Gateway to Gateway Protocol
59. Database Manager
60. Human Resource Management System
61. Image Enhancement Technology
62. Image Steganography
63. Increasing Efficiency in Wireless Network
64. Image Transport Protocol ITP
65. Instant Messenger
66. Interest Calculation
67. Intra Communication System
68. Inventory Analyzer
69. Inventory Management System
70. Issue Tracking System
71. JChat
72. Job Miller
73. Defect Tracking System
74. Audio Cryptography System
75. Product Service Management System
76. Auto Mobile Store and Service
77. Ambulance Service Provide

# Mini Project Titles List

78. Automatic Database Schema Generation
79. An Intelligent Network Backup
80. Digital Image Processing System
81. Knowledge Storm
82. Emergent Request Dispatcher
83. E-Zest Resorts for U
84. Monitoring Online Tests through Data Visualization
85. Data Transmission Using Multi-Tasking-Sockets
86. Doctor Patient Tracker
87. Data Hiding in Audio Files
88. Mobile Service Provider Operations Portal
89. Online Doctor
90. Multi User Chat System
91. Network Routing System
92. Online Examination
93. Automation of Interview Scheduling Process
94. Library Management System (Standalone application)
95. Mobile Station Java Project
96. Lending Tree System
97. Library Management
98. VAT Information System
99. Material Management and Information System
100. Government in Action
101. Online Payment Service
102. Order Processing System for Student Music Store
103. Pesticides Information System
104. Property Management System
105. Resource Out-Sourcing
106. Resource Planner
107. Resource Supervision Management
108. SDLC Management System
109. Secured Data Transmission
110. Shopping Cart
111. Online Shopping Cart
112. Simulation of Ant colony Algorithm
113. Speed Age Courier System
114. Traffic Controller System
115. Vehicle Management System
116. Virtual Information System for Audit Group
117. E School
118. Work to Worker Services to Unorganized Sector
119. Broad walk Dealers Network
120. College Administrator Tool/ College Enrollment System
121. College Interact
122. College Management Tool
123. Comparable Entity Mining from Comparative Questions
124. Complaint Management System
125. Computer Retail Store and Maintenance

# Mini Project Titles List

126. Computerized Examination Management Tool
127. Concurrent Train Simulation
128. Congestion Control Using Network Based Protocol
129. Corporate BPO Solution Management
130. Corporate Leave Management System
131. Corporate Recruitment System (CRS)
132. Cyber Shopping
133. Data Centric Knowledge Management System (DCKMS)
134. Event Tracker
135. DHL Courier System
136. Distributed DBA
137. Distribution Business Automation System
138. EAMCET Mock Counseling
139. Face Identification
140. EzHotels
141. Graphic Media Player
142. Employee Transaction Scenario
143. Hospital Management System
144. Hostel Management Information System
145. FAQ-O-Matic System
146. Get Your Campus
147. Internet Banking
148. Multi-Sensor Railway Track Geometry Surveying System
149. Online Examination
150. Webs Eye
151. Stenography Using Image, Audio & Video
152. Visa Processing Information System
153. University Admission System
154. Telecom Connection System
155. Medi Tracker
156. Travel Management System
157. Online Railway Reservation System
158. Airline Reservation
159. Travel Desk Management System
160. Alumni Information Database
161. Remote Desktop Administration
162. Health Center Management system
163. Payroll System
164. Self-Diagnosis with Advanced Hospital Management
165. 108 – Public Health Emergency Services
166. Water Marking
167. Intranet Chatting
168. Online Banking
169. Net Banking
170. Gateway Of Business Portfolio
171. Distributors Channel Management System
172. Online Doctor
173. Online Mobile Recharge

# Mini Project Titles List

174. Patient Management System
175. Online Order Processing System (AJAX Enabled)
176. Virus Information System
177. Peer to Peer File Sharing Program
178. An Agent Based Intrusion Detection, Response and Blocking using signature method in Active Net
179. Telecom Business Information System
180. Online Telephone Management System
181. Online Tourism Guide
182. Online Taxicab Service
183. Online Registration For Voter Card
184. Safe Internet
185. Mobility Management Approaches for Mobile IP Networks
186. Local Service Center
187. Reseller Management System
188. Re-Ordering Of Packets Using Retransmission Timer
189. Online Crime Investigation
190. Revenue Collection and Recovery Services
191. E-education
192. Exam Branch Management System
193. Home Improvement System
194. Value Added Sales Tax Information System
195. E dues (E Billing System)
196. Content Management System
197. Train Information System
198. Enterprise Resource Information System
199. Global Interactive Solutions
200. Global Communication Media
202. Hotel Management System
204. Retail-Management-System
205. Painting Application
206. Social Health Care Record
207. Reversible Watermarking
208. Audio Cryptography System
209. Monitoring Online Tests through Data Visualization
210. Alumni Management System
211. Product Service Management System
212. ATM Location System
213. Work in Progress Application
214. Chores Made Easy
215. E-Procurement
216. Emotion Detection
217. Institutional Infrastructural Information System
218. Placement Cell
219. Project Management System
220. Query Handling
221. Timetable Generation System
222. Online Staff Leave Management
223. PLACE Personal Learning Assistance Center
